LESSON 2: THREADS GROWTH STRATEGY

Threads is not a separate platform — it is a tool that feeds directly into your Instagram growth. Threads gives new pages reach without history. You use it to manufacture demand and curiosity, then push that attention to your Instagram profile.

Threads Phase 1: How to Post & Reply

Threads posts should make someone think: 'Who is this girl?' Not 'She is selling something.'

- Post relatable, personality-driven text posts
- Reply to trending threads with witty or relatable takes
- Use your AI model's persona voice — casual, human, not corporate
- Posts that trigger comments get pushed to more people
- Post 3-5 times per day on Threads

GOOD EXAMPLE:

Thread post: 'accidentally made eye contact with someone at the gym and now we're married i guess'
Relatable, funny, conversation-starting.

BAD EXAMPLE:

Thread post: 'Check out my page for exclusive content! Link in bio 🔥'
Sales pitch. No one engages. Algorithm buries it.

Threads Phase 2: Scaling & Testing

- Track which post styles get the most replies
- Double down on formats that work (opinions, hot takes, relatable moments)
- Test different posting times
- Increase to 5-8 posts per day as engagement grows
- Every Threads post that pops sends people to your IG profile

Thread Types That Work

- Hot takes and opinions (generates replies)
- Relatable daily moments
- Questions that spark conversation
- Slightly controversial (not offensive) statements
- Personal stories that feel authentic
