SUBSCRIBER PRICING

The subscription price is not designed to generate profit by itself. Its main purpose is to remove fear and make the fan take the first step. The real money is made from chatting and PPV.

Pricing Strategy

- Base price: $10-$20 (creates perceived value)
- Promotion discount: visible price $3-$9
- This makes the decision easy
- Removes psychological resistance

Revenue Model

- Income from subscriptions = small bonus
- Income from chatting and PPV = real business
- Subscription unlocks communication
- Emotional attachment creates spending

- Free content builds trust, subscriber content builds desire, PPV fulfills fantasy
- Each content layer must leave something unfinished
- Automated messages create emotional touchpoints, not sales pitches
