# MODULE 6: GROWING SOCIAL MEDIA OVERVIEW

Grow Your Social Medias: Instagram, Threads, Reddit, Twitter

## What You'll Learn

- Lesson 1: Instagram Growth Strategy
- Lesson 2: Threads Growth Strategy
- Lesson 3: Reddit Growth Strategy
- Lesson 4: TikTok Growth Strategy
- Lesson 5: Twitter/X Growth Strategy

## Key Takeaways

- Instagram is the primary platform — Reels drive discovery, Stories drive engagement, never upload raw AI images
- Threads manufactures demand that feeds directly into Instagram — use validation bait and reply hijacking
- Reddit is a niche amplifier — 7-day warmup, karma farming, blend in before posting, always leave desire unfinished
- TikTok is secondary reach — 9-day warmup, only safe content, carousel format is safest, max 3 accounts per device
- Twitter/X grows through replies under big posts — target affluent men 40+, check shadowban status regularly
- Coordinate content across platforms — same persona, different formats, never same image same day
- Instagram always gets your best content first — all other platforms recycle with delays
- Every platform follows the content progression ladder: curiosity on social, desire building, Fanvue fulfillment
