FOREWORD: FUNNEL PSYCHOLOGY

The endpoint is Fanvue. Every other platform exists to support that conversion.

Instagram is not a selling platform. Instagram is a distribution engine. The mistake beginners make is attempting to convert users too early, too directly, or too aggressively without warming intent.

Purpose of This Funnel

- Capture attention
- Reduce friction
- Delay commitment
- Increase urgency
- Force monetization at the correct endpoint

END SUMMARY

- Instagram is a distribution engine, not a selling platform
- The funnel removes emotion, guesswork, and impatience from monetization
- Telegram sharpens demand for Fanvue — it does not replace it
- The funnel lowers friction at every step to capture hesitant users
- Links are placed only where they belong, only when the account is ready
- Content escalates in the correct order: free, teasing, exclusive
- When followed correctly, the funnel becomes self-sustaining
- This is not a growth trick — it is a repeatable conversion system
