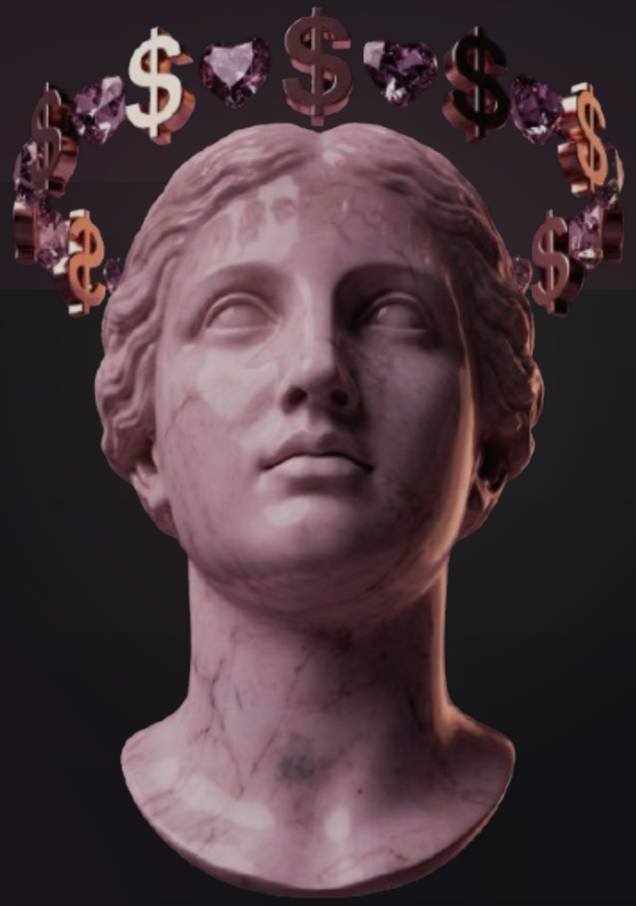
LESSON 3

The Warmup Protocol

Setup for Your Phone and Warmup for Your Social Media Accounts

AI INFLUENCER METHOD



LESSON 3: THE WARMUP PROTOCOL

The warmup phase is the most important phase of your entire account lifecycle. It exists to teach the algorithm that your account is a real human. If you rush this, everything after breaks. There are no shortcuts.

Duration: 21-28 days for Instagram/Threads. 9 days for TikTok. This phase is boring on purpose.

Instagram Warmup (21-28 Days)

What to POST

- 2-3 carousels per week (face-focused, lifestyle, clean, SFW)
- 2-3 stories per week (selfies, food, random daily stuff)
- No questions, no CTA, no suggestive captions
- No links, no selling

What to DO Daily

- Scroll for 15-30 minutes
- Like posts from English-speaking creators
- Comment occasionally (normal comments only)
- Watch Reels and Stories naturally
- Follow 5-10 accounts per day max

TikTok Warmup (9 Days)

Day 1-3

- No posting, no bio changes
- Scroll and watch content for 20-30 min/day
- Like 10-15 videos per session
- Follow 3-5 accounts per day

Day 4-6

- Add profile photo and bio
- Post first piece of content (safe, simple)
- Continue scrolling and engaging

Day 7-9

- Post 2-3 more pieces of content
- Increase engagement slightly
- Account is ready for regular posting

CRITICAL RULE

If you rush the warmup, everything after breaks. There are no shortcuts. The platforms are watching your first 21 days more closely than any other period. Behave like a normal person, not a marketer.
