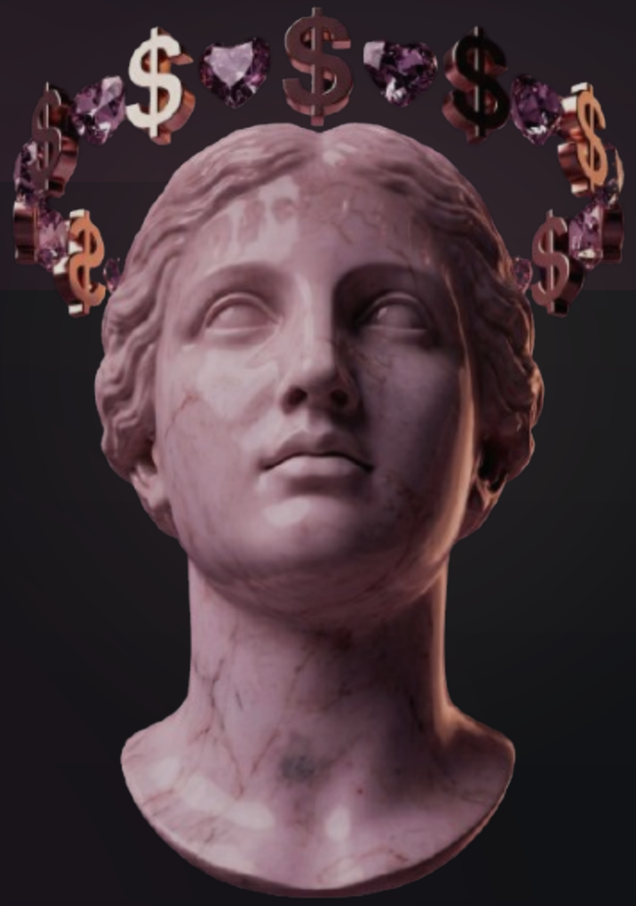
PREMIUM COURSE MATERIAL

MODULE 3

Overview

Learn How to Generate SFW Images from Reference Images

AI INFLUENCER METHOD



MODULE OVERVIEW

This module teaches you how to produce high-quality SFW images for social media. You will master reference image workflows, prompt engineering, editing and refining AI outputs, and the specific image rules each platform enforces.

What You Will Learn

- Use reference images to guide consistent AI generation
- Write precise prompts that produce the images you need
- Edit and refine AI images to look natural and polished
- Follow platform-specific image rules to avoid takedowns

Lessons in This Module

- → Lesson 1: Reference Image Workflow
- → Lesson 2: Prompt Engineering for SFW Images
- → Lesson 3: Editing & Refining AI Images
- → Lesson 4: Platform-Specific Image Rules
