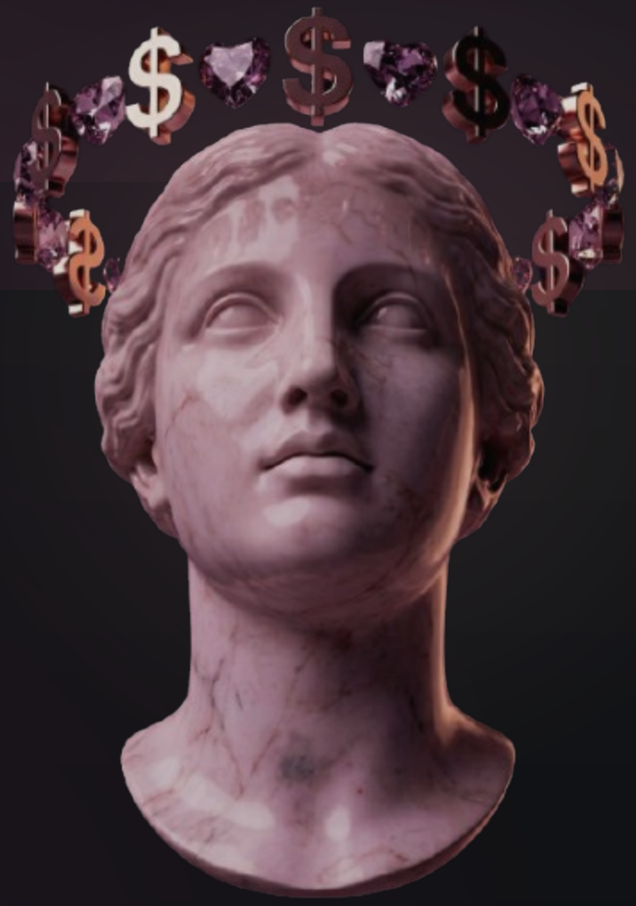
MODULE 7

Overview

Posting and Scaling on Your Social Media Accounts, the Trick Which Converts Viewers into Followers

AI INFLUENCER METHOD



MODULE OVERVIEW

Growth gets you followers. Scaling gets you results. This module covers posting cadence, the hook that converts viewers into followers, geo-targeting for maximum reach, and how to scale across multiple accounts safely.

What You Will Learn

- Optimize your posting cadence and scheduling for maximum visibility
- Use proven hooks that convert passive viewers into followers
- Implement geo-targeting and distribution control for better reach
- Scale to multiple accounts without triggering platform flags

Lessons in This Module

- → Lesson 1: Content Posting Cadence & Scheduling
- → Lesson 2: The Hook That Converts Viewers to Followers
- → Lesson 3: Geo Targeting & Distribution Control
- → Lesson 4: Multi-Account Scaling
