THREADS PHASE 2: SCALING & TESTING

Goal: Turn Threads into a traffic engine. Phase 2 starts when posts get comments consistently, profile visits increase, and IG followers rise without Reels.

Posting

- 3-4 posts per day
- Same formats, same angles
- Slight wording changes
- Do NOT rotate just to rotate

If Something Works

- Repeat it
- Slightly change phrasing
- Slightly change context

If something dies: drop it and move on.

Content Expansion (Still SFW)

- More confident
- Slightly flirtier text
- Glow-up narratives

Real-Time Rebrands (Allowed)

- Hair color change
- Accessories (glasses, eyepatch)
- Story-based changes (glow-up narrative)

BAD EXAMPLE:

New face
New body
Completely different model

END SUMMARY

- Threads manufactures demand first, then Instagram amplifies it
- The warmup phase (21-28 days) is mandatory and boring on purpose
- Threads posts should force comments, arguments, and profile visits
- Reels launch only after Threads proves engagement is stable
- Never upload raw AI images — always edit for realism
- Geo targeting prioritizes USA/English-speaking audiences
- Patience beats aggression — this strategy fails when you quit
- Treat every post as data — repeat what works, drop what does not
