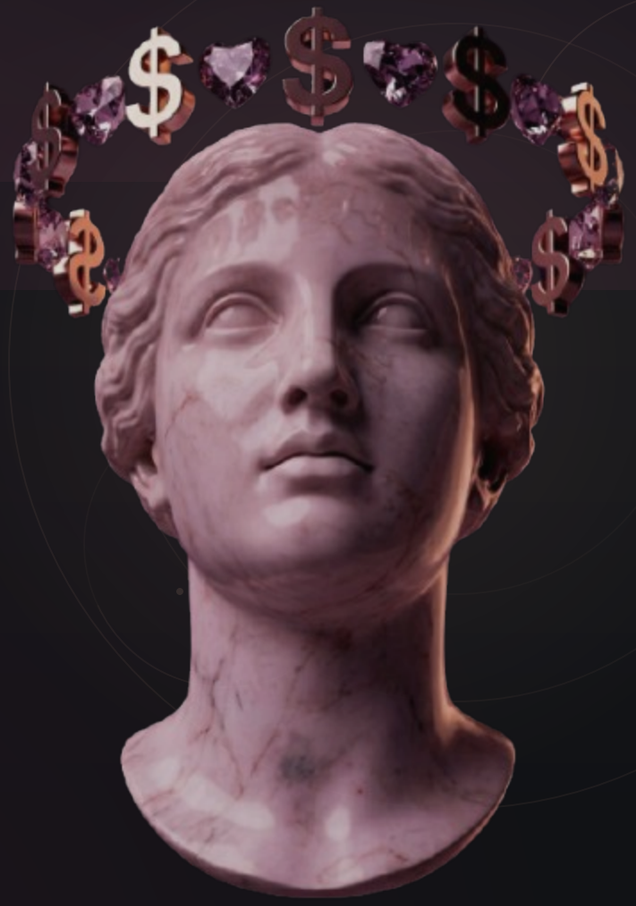
AI OFM CHATTING SYSTEM

Nickname & Memory System

Learn the essentials of nickname & memory system

AI INFLUENCER METHOD | OUR DISCORD | SIGN UP TO FANVUE

Fanvue is the platform to start monetizing your AI models



NICKNAME & MEMORY SYSTEM

Professional teams use an internal nickname system. Nicknames are internal only and never shown to the fan. They create continuity, memory, and emotional realism across shifts.

Format

Age / Location / Job / Sub or Dom

GOOD EXAMPLE:

23 / Texas / student / sub

WHY THIS WORKS

When a fan feels remembered, trust increases and resistance drops.

END SUMMARY

- Chat creates profit — traffic only creates opportunity
- Every message must build trust, desire, or move toward spending
- Fans spend when they feel safe, understood, curious, and chosen
- Message priority: Whales first, new subscribers second, unanswered third
- Profiling replaces guessing — gather data naturally through conversation
- All chats follow: Rapport → Tension → First Sale → Upsell → Retention
- Never beg, never rush, never argue, never explain prices
- Chat builds lifetime value, not instant money
